

Curriculum Vitae

Name: Grace B. Campbell

Education and Training

Undergraduate

1990-1994	School of Nursing University of Pittsburgh Pittsburgh, PA	BSN
1979-1983	Allegheny College Meadville, PA	BA Major: Psychology Minor: Religious Studies

Graduate

2007-2013	School of Nursing University of Pittsburgh Pittsburgh, PA Dissertation focus: Fall prediction during inpatient stroke rehabilitation	PhD
1982-1985	School of Social Work University of Pittsburgh Pittsburgh, PA	MSW Major: Administration Certification: Gerontological Social Work

Appointments and Positions

Academic

2021-Present	Duquesne University School of Nursing	Assistant Professor
2021-Present	University of Pittsburgh School of Medicine, Department of Obstetrics, Gynecology, and Reproductive Science	Adjunct Assistant Professor
2020-2021	UPMC Aging Institute	Member Faculty

2018-2021	University of Pittsburgh School of Health and Rehabilitation Sciences, Department of Occupational Therapy	Assistant Professor (Secondary Appointment)
2018-Present	UPMC Hillman Cancer Center Biobehavioral Oncology Group	Affiliated Faculty
2015-2021	University of Pittsburgh School of Nursing Department of Acute/Tertiary Care	Assistant Professor
2013-2015	“Interdisciplinary Training for Nurse Scientists in Cancer Survivorship Research” (Bender C, PI); NINR T32-NR011972; University of Pittsburgh School of Nursing	Postdoctoral Scholar
2013	First Person Vision for Objective Evaluation of Caregiving Quality” (Matthews, J; PT); NINR R21-NR013450; University Center For Social and Urban Research University of Pittsburgh School of Nursing Pittsburgh, PA	Nurse Interventionist
2012-2013	“First Person Vision for Objective Evaluation of Caregiving Quality” (Matthews, J; PT); NINR R21-NR013450; University Center For Social and Urban Research University of Pittsburgh School of Nursing Pittsburgh, PA	Graduate Student Researcher
2007-2009	“Symptom Management, Patient-Caregiver Communication, and Outcomes in ICU” (Happ, M; PI); NINR K24-NR010244; University of Pittsburgh School of Nursing Pittsburgh, PA	Graduate Student Researcher
Non-Academic		
2022-	Survivorship and Quality of Life Guideline Advisory Committee, American Society of Clinical Oncology	Committee Member

2020-	American Society of Clinical Oncology	Quality Improvement Coach
2019-present	UPMC Gynecologic Oncology Family CARE Center	Director of Quality Improvement & System Integration
2018-present	UPMC Cancer Rehabilitation Task Force	Member
2010-2012	University of Pittsburgh Medical Center Institute for Rehabilitation and Research at UPMC Mercy Hospital Pittsburgh, PA	Nurse Educator, Per Diem
2006-2012	CARF International Tucson, AZ	Medical Rehabilitation Program Surveyor
2005-2010	University of Pittsburgh Medical Center The Institute for Rehabilitation and Research at South Side Hospital/ UPMC Mercy Hospital Pittsburgh, PA	Rehabilitation Nurse Clinician
1998-2005	University of Pittsburgh Medical Center Rehabilitation Hospital Orthopedic and Neurologic Units Pittsburgh, PA	Unit Director
1994-1998	Mercy Hospital of Pittsburgh Rehabilitation Unit Pittsburgh, PA	Clinical Nurse Team Leader; Staff Nurse
1993-1994	University of Pittsburgh Medical Center Trauma/General Surgery Unit Pittsburgh, PA	Nurse Intern
1991-1993	University of Pittsburgh Medical Center General Medicine Unit Pittsburgh, PA	Nursing Assistant
1990-1991	Mercy Hospital of Pittsburgh Skilled Nursing Unit Pittsburgh, PA	Social Worker
1988-1990	Valencia Woods Nursing Center Valencia, PA	Director of Social Work & Admissions

1986-1988	Ladies GAR Home Pittsburgh, PA	Director of Social Work & Admissions
1984-1986	Riverview Community Action Corporation Oakmont, PA	Director's Assistant and Outreach Coordinator

Licensure and Certification

2017-Present	Commission on Nurse Certification	Clinical Nurse Leader
2001-Present	Rehabilitation Nursing Certification Board #00019468	Certified Rehabilitation Registered Nurse
2005-2009	Brain Injury Association of America #1219	Certified Brain Injury Specialist
1994-Present	Commonwealth of Pennsylvania #RN-500197-L	Registered Nurse
1989-1995	Commonwealth of Pennsylvania #SW-004336-E (currently inactive)	Licensed Social Worker

Membership in Professional and Scientific Societies

2022-	American Society of Preventive Oncology, Member
2021-	Multinational Association of Supportive Care in Cancer, Member
2021-2024	Association of Rehabilitation Nurses, National Board of Directors (Treasurer)
2018-2021	Association of Rehabilitation Nurses, National Board of Directors (Director)
2018-Present	American Society of Clinical Oncology, Member
2013-Present	Cancer Networking Group (American Congress of Rehabilitation Medicine)
2013-Present	Oncology Nursing Society, Member
2010-Present	American Congress of Rehabilitation Medicine, Member

2010-Present	Stroke International Special Interest Group (American Congress of Rehabilitation Medicine)
2008-Present	Eastern Nursing Research Society, Member
2007-Present	Claude D. Pepper Older Americans' Independence Center Junior Scholars Work Group, University of Pittsburgh, Member
2007-Present	Gerontological Research Interest Group, University of Pittsburgh School of Nursing, Member
2007-2010	Gerontological Society of America, Member
2007-2009	Interdisciplinary Symptom Management Forum, University of Pittsburgh School of Nursing, Member
1997-Present	Association of Rehabilitation Nurses (National), Member, #00019468
1997-Present	Association of Rehabilitation Nurses, SW PA Chapter, Member
1994-Present	Sigma Theta Tau International, Member (Eta Chapter)

Honors and Awards

2022-2025	Fellow, Betty Irene Moore Fellowship for Nurse Leaders and Innovators UC Davis Betty Irene Moore School of Nursing and the Betty and Gordon Moore Foundation
2020-2021	Consensus Study committee member, National Academy of Medicine, Diagnosing and Treating Adult Cancers
2019	Fellow, Association of Rehabilitation Nurses
2019	National Cancer Institute TIDIRC (Training in Dissemination and Implementation Research in Cancer) Training Awardee
2018	American Society of Clinical Oncology Quality Training Program Trainee
2017	UPMC Hillman Cancer Institute Junior Scholar Award—Population Sciences
2016	Association of Rehabilitation Nurses President's Award Given in recognition of outstanding service to Rehabilitation Nursing
2015-2017	Rehabilitation Nursing Foundation Research Fellow Award

2014	Association of Rehabilitation Nurses, Best Scientific Poster award, 40 th Annual Education Conference
2014	University of Pittsburgh Cancer Institute, 2 nd place, poster competition, Population Sciences division, UPCI Research Retreat
2011	Cameos of Caring Scholarship University of Pittsburgh School of Nursing
2010-2011	Jonas Salk Healthcare Fellow Jewish Healthcare Foundation/University of Pittsburgh Center for Bioethics and Health Law
2000	First Place, 10 th Annual Rehabilitation Nursing Writers' Contest Association of Rehabilitation Nursing
1994	Keeper of the Light Award University of Pittsburgh School of Nursing
1993-Present	Sigma Theta Tau Honorary Nursing Society, Eta Chapter University of Pittsburgh
1992-1994	University Scholar University of Pittsburgh
1983	Phi Beta Kappa, Eta Chapter Allegheny College

Research

Principal Investigator/Co-Principal Investigator

“Mobile Sensing of Functional Decline in Older Adults with Cancer”

Role: Co-PI

NCI

Not funded.

Requested budget, direct costs: \$275,000

This R21 project will use Fitbit wearable activity trackers and smartphones and follow older adults longitudinally during cancer treatment to develop machine learning algorithms to predict those older adults at risk for functional decline.

“Implementing Early Rehabilitation as the Standard of Gynecologic Cancer Care”

Role: PI

UC Davis Betty Irene Moore School of Nursing/Gordon and Betty Moore Foundation

2022-2025

Award: \$500,000

This implementation project will refine a cancer prehabilitation intervention comprising pre-treatment functional assessment, tailored physical activity and rehabilitation interventions, and nurse-supported self management coaching. We will then implement the intervention into clinical practice as standard of care in the Gynecologic Oncology Clinic at UPMC Magee-Women’s Hospital.

“Using Wearable Sensors to Establish Digital Biomarkers of Physical Function in Cancer Survivors”

Role: PI

Duquesne University Faculty Development Fund

2022-2024

Award: \$10,000

This pilot study aims to explore whether commercially available activity trackers (Fitbit) and cell phone data (e.g. keystrokes, number of unique contacts) can serve as markers of functional performance indicators such as balance and gait impairments, decreased physical and social activity, and general health status among post-treatment cancer survivors. I am working with Co-Investigator Dr. Gregory Marchetti, Professor, Rangos School of Health Related Professions, and Dr. Carissa Low, Associate Professor, University of Pittsburgh School of Medicine on this project.

“Characterizing Age-Related Variations in Persistent Neuropathy-Related Balance/Gait Changes, Functional Impairments, and Social Role Disability after Chemotherapy for Gynecologic Cancer”

Role: PI

UPMC Aging Institute/Hillman Cancer Center Seed Grant Program

2020-2021

Award: \$25,000.

This pilot study explores age-related variations in trajectories of balance and gait impairment, chemotherapy-induced peripheral neuropathy, and social role disability among women being treated with chemotherapy for gynecologic cancer. Women are assessed before beginning neurotoxic chemotherapy, mid-chemotherapy, at the conclusion of chemotherapy, and at 6 and 12 months after the conclusion of chemotherapy. This exploratory research will generate hypotheses regarding factors associated with disability and potential interventions for decreasing long term cancer-related disability.

“Implementing a Stepped ‘SmartRehab’ Approach to Optimize Return to Social Participation among Cancer Survivors and Family Caregivers: A Systemwide Scale-Up Project”

Role: Lead Co-PI

Program project under “Center for Research, Training, and Dissemination of Family Support for People with Disabilities Across the Life Course: Rehabilitation Research and Training Center (RRTC) on Family Support” (PIs: Donovan; Parmanto; Beach)

DHHS/Administration for Community Living Grant #12877426

2019-2024

Center Award: \$4,374,995

Project Award: \$667,865

This research project will implement and evaluate an mHealth SmartRehab program (a self-management intervention with demonstrated efficacy) across a large healthcare system to optimize return to social participation for survivors of gynecologic cancer with participation restrictions and their family caregivers.

“Sensor-Based Assessment to Detect Chemotherapy-Induced Peripheral Neuropathy-Related Balance/Gait Impairments”

University of Pittsburgh School of Nursing

Center for Research & Evaluation Pilot Grant Program

2018-2019

Role: PI
Award: \$15,000

“Sensor-Based Assessment: Chemotherapy-Induced Peripheral Neuropathy-Related Balance/Gait Impairments”

Oncology Nursing Foundation
Research Grant
2018-2020

Role: PI
Award: \$25,000

The above two grants use gaming sensors at the point of oncology care to explore trajectories of balance and gait during active treatment for gynecologic cancer. The UPMC Aging Institute grant above extends these two grants by adding one year of post-chemotherapy follow up and a measure of long term social role disability.

“Quantifying the Functional Impact of Neurotoxic Chemotherapy: Automated Gait Assessment.”

Oncology Nursing Foundation
Career Development Award
2015-2016

Role: PI
Award: \$20,000

In this mentored career development award I developed expertise in using gaming sensors for a clinically feasible point-of-care assessment method to assess subtle balance and gait changes among women receiving neurotoxic chemotherapy for gynecologic cancer.

“A Pilot Study of Falls and Near Falls In Women with Ovarian Cancer Receiving Neurotoxic Chemotherapy.”

Rehabilitation Nursing Foundation
Research Fellow Award
2015-2017

Role: PI
Award: \$21,364

“Long Term Follow Up for Persistent Chemotherapy-Induced Peripheral Neuropathy.”

University of Pittsburgh School of Nursing
Ruth Perkins Kuehn Award
2014-2018

Role: PI
Award: \$18,530

“A Biobehavioral Analysis of Symptoms and Adherence to IP Chemotherapy for Ovarian Cancer.”

University of Pittsburgh School of Nursing
Research HUB Grants Program (Co-PIs: Donovan, Bovbjerg)
2014-2015

Role: Project PI
Sub-award: \$3,800

The above three pilot studies together examined feasibility of conducting intensive functional and

symptom assessments among women with gynecologic cancer, during and after receipt of neurotoxic chemotherapy. It also explored associations among symptoms, peripheral nerve function, and falls in this population.

“Post-Stroke Cognition as a Fall Predictor During Inpatient Rehabilitation.”

University of Pittsburgh Claude D. Pepper Older Americans’ Independence Center

Pilot Grants Program

2010-2011

Role: PI

\$9,320

Co-Investigator

“Development and Evaluation of the PPAL Bedside Commode for Safe Independent Toileting Transfers”

NINR

Role: Co-I (PI: Graham)

Requested budget, direct costs: \$1,836,209

This SBIR Phase II grant will use iterative, user-centered design methods to refine an existing prototype of a height adjustable, highly maneuverable bedside commode for home and hospital use. The refined device will then undergo clinical field trials for usability and acceptability.

(*Note:* received notification on 6/22/23 that this grant will not be funded)

“Family Caregiver Resource Development and Evaluation”

Clovis Oncology (PI: Donovan)

2019

Role: Co-I

Award: \$125,000

The purpose of this project is to implement and evaluate a comprehensive library of self-management guides for women with gynecologic cancers and their family caregivers.

“Chemotherapy-induced visceral neuropathy and persistent symptoms in cancer survivors”

University of Pittsburgh School of Medicine

P01 Preparatory Pilot Grant Program (Co-PIs: Donovan, Gold)

2019

Role: Co-I

Award: \$50,000

This project will evaluate concurrent rodent and human models of chemotherapy-induced gut-brain and peripheral neurologic symptoms to generate testable hypotheses regarding associations among these symptoms and mechanisms of their development and resolution, to inform a long term program of research aimed at ameliorating the functional impacts of gut-brain and peripheral neurologic symptoms.

“Long Term Psychosocial Support Needs of Women at High Risk of Breast and Ovarian Cancer”

PI: Carolyn O’Donnell, Student Nurse

University of Pittsburgh Honors College Research Scholarship

2017-2018

Role: Co-I/Faculty Mentor

Award: \$1,148

Using a life course perspective, this qualitative study explored the experience of being a woman at high risk of hereditary breast and ovarian cancer, focusing on this population's experience of unmet psychosocial support needs.

Consultant

“The Effect of a Standardized Bowel Management Program on Functional Independence.”

PI: Kelley B.

UPMC Rehabilitation Institute

Clinician Pilot Grant Program

2011-2012

\$8,700

“Sensitivity and Specificity of the Stroke Assessment of Fall Risk (SAFR).”

PI: Breisinger T.

UPMC Institute for Rehabilitation and Research

Clinician Pilot Grant Program

2010-2011

\$5,000

Other Scholarly Activities

Educational or Training Grants

“Post-Stroke Cognition as a Fall Predictor During Inpatient Rehabilitation.”

PI: Campbell, G.

National Institute of Nursing Research, Grant #1 F31 NR011561-01

Kirchstein National Research Service Award

2010-2013

\$153,890

“Post-Stroke Cognition as a Fall Predictor During Inpatient Rehabilitation.”

John A. Hartford Foundation

Building Academic Geriatric Nursing Capacity Predoctoral Scholarship

2008-2010

\$89,000

“Training clinical teams to establish web-based patient education resources for underserved populations.”

PI: Lyons KL.

eHealth Promotion Training Institute

Center for Collaborative Research, Jefferson College of Health Profession, Thomas Jefferson University

Awarded to UPMC Spinal Cord Injury Clinical Team; Grace Campbell, Team Leader

2006

\$2,150
