

ARN Supports Chronic Care Reform

The Association of Rehabilitation Nurses (ARN) is a professional nursing organization representing more than 5,000 rehabilitation nurses and more than 14,000 Certified Rehabilitation Registered Nurses (CRRN). ARN promotes and advances professional rehabilitation nursing practice through education, advocacy, collaboration, and research to enhance quality of life for those affected by disability and chronic illness.

Chronic Care Reform

ARN strongly supports efforts to ensure people with physical disability and chronic illness have access to comprehensive, quality care in whichever care setting is most appropriate for them. As the number of individuals affected by physical disability and/or chronic illness rises, a focus on improving the care provided to chronically ill Medicare beneficiaries is critically important.

Recommendation: ARN supports efforts to improve the care provided to individuals with chronic illnesses.

If you have additional questions about these issues please contact ARN's Health Policy Associate, Jeremy Scott (202/872-6734 or Jeremy.Scott@PowersLaw.com).
